**Exhibit 99.1**

**Southern National Bancorp of Virginia, Inc. announces net income of \$8.9 million for the quarter ended September 30, 2018 bringing its 2018 year to date net income to \$26.0 million and declares a dividend of \$0.08 per share, its twenty-eighth consecutive quarterly dividend**

MCLEAN, Va., Oct. 25, 2018 /PRNewswire/ -- Southern National Bancorp of Virginia, Inc. (NASDAQ: SONA) ("Southern National" or the "Company"), and its wholly-owned subsidiary Sonabank (the "Bank"), today announced net income of \$8.9 million and \$26.0 million for the three and nine months ended September 30, 2018, respectively. That compares to net income of \$4.4 million and \$3.6 million for the three and nine months ended September 30, 2017, respectively. Earnings per share for the three and nine months ended September 30, 2018 was \$0.37 basic and \$0.36 diluted, and \$1.08 basic and \$1.07 diluted, respectively, compared to \$0.18 basic and diluted, and \$0.22 basic and \$0.21 diluted per share for the same periods in 2017, respectively. Third quarter of 2018 net income was benefited by \$736 thousand of other income from the recovery of loans previously charged off by Eastern Virginia Bankshares, Inc. ("EVBS").

The Board of Directors declared a dividend of \$0.08 per share payable on November 23, 2018 to shareholders of record on November 12, 2018. This is Southern National's twenty-eighth consecutive quarterly dividend.

The Company, just over a year after its 2017 merger-of-equals with EVBS, now has in place much of what is needed to fuel its profitable growth going forward. Management's focus has now turned from integrating the two companies to increasing profitability and franchise value.

The Company also added one key employee in the third quarter. Jeff Karafa joined the Company as its Executive Vice President and Chief Financial Officer in September of 2018. Mr. Karafa brings 35 years of bank experience with 24 of those years as a Chief Financial Officer.

## **Highlights for the three and nine months ended September 30, 2018 include:**

- Net interest income remains strong at \$22.6 million and \$68.3 million for the quarter and nine months ended September 30, 2018, respectively;
- Net interest margin for the nine months ended September 30, 2018 was 3.74% compared to 3.88% for the same period in 2017, which is a reflection of rising costs of funds.
- Even with the lower net interest margin for the third quarter, the Bank remains asset sensitive.
- The Bank is experiencing intense competition in both rate and balances of Money Market accounts which may impact net interest margin in the future;
- Strong operating performance during the third quarter of 2018 as evidenced by the 53.77% operating efficiency ratio;
- Provision for loan losses totaled \$1.1 million and \$3.7 million for the quarter and nine months ended September 30, 2018, respectively;
- A loss of (\$198) thousand was recorded year to date 2018 from Southern Trust Mortgage ("STM"), Southern National's mortgage affiliate compared to a loss of (\$451) thousand the year before;
- Loans outstanding of \$2.16 billion at September 30, 2018 are up \$99.1 million, or 4.80%, since December 31, 2017. Loan sales have totaled \$11.9 million and loan participations sold are \$4.0 million for the nine months ended September 30, 2018;
- Deposit growth continues to be increasingly challenging due to a very competitive market. Total deposits of \$2.02 billion at September 30, 2018 have increased \$159.2 million since December 31, 2017. The Bank's loan-to-deposit ratio remains flat at 106.77% year over year;
- Southern National was well capitalized at September 30, 2018 with an estimated tier 1 risk-based capital ratio of 11.57%;
- Tangible book value per share of \$9.56 at September 30, 2018 has increased 4.60% since September 30, 2017;
- Asset quality remains high as demonstrated by the 0.24% ratio of nonperforming assets, net of SBA guarantees, to total assets at September 30, 2018; and
- Retail banking and operations FTE have been reduced by 16 year to date with an additional 10 FTE reduction planned by year end.

### **Net Interest Income**

Net interest income was \$22.6 million for the quarter ended September 30, 2018 compared to \$23.8 million for the third quarter of 2017, which is a direct result of the rising costs of funds.

Southern National's net interest margin was 3.62% and 3.74% for the three and nine months periods ended September 30, 2018, respectively, compared to 4.02% and 3.88% for the three and nine months ended September 30, 2017. Cost of funds have increased 39 basis points to 1.26% since September 30, 2017. The discount accretion on loans acquired in the acquisitions of EVBS, Greater Atlantic Bank, HarVest and Prince Georges Federal Savings Bank contributed \$3.8 million to net interest income during the nine months ended September 30, 2018.

### **Noninterest Income**

During the third quarter of 2018, Southern National had noninterest income of \$2.6 million compared to \$2.3 million during the third quarter of 2017. Income from bank-owned life insurance has increased due to death benefit payouts in 2018 as well as the income from the purchase of an additional \$12.0 million in bank-owned life insurance during 2018. Loss on our investment in STM continues to decline. Other noninterest income has benefited from the recoveries of legacy investment securities and loans charged off by EVBS before Southern National merged with EVBS during the late second quarter of 2017.

Noninterest income was \$8.3 million in the first nine months of 2018, compared to \$3.1 million for the first nine months of 2017. Generally, differences for the nine months end September 30, 2018 and 2017 are not comparable due to the merger of EVBS into Southern National.

### **Noninterest Expense**

Noninterest expense was \$13.1 million during the third quarter of 2018, respectively, compared to \$14.4 million during the same period in 2017. Management expects noninterest expense to remain level or perform slightly better during the remainder of 2018. Employee compensation and benefits expense totaled \$7.1 million for the third quarter of 2018, as compared to \$7.7 million for the same period of 2017 as the Company has reduced duplicate positions from the merger and continues to assess its staffing and operations. Occupancy expenses remain flat. The Company recognized a \$99 thousand net gain on other real estate owned ("OREO") during the third quarter of 2018 which reduces the net loss to (\$61) thousand for the first nine months of 2018. No merger expenses were recorded for 2018. Other noninterest expenses have declined due to the consolidation process and overhead control.

Noninterest expense was \$40.4 million during the first nine months of 2018. Noninterest expenses post-merger are in-line with Management's pre-merger expectations. Noninterest expense for the first nine months of 2017 were \$35.3 million and included \$9.1 million of merger expenses and are generally not comparable to 2018 due to the merger of EVBS into Southern National.

### **Securities Portfolio.**

Investment securities totaled \$238.8 million at September 30, 2018 and represented 8.84% of total assets at September 30, 2018. Southern National utilizes its securities portfolio to augment income and manage its interest rate risk while serving as a source of liquidity. No securities have been purchased or sold during 2018.

### **Loan Portfolio**

Loan demand remains elevated in the Company's markets. Net loan growth in the first nine months of 2018 was \$99.1 million, or 6.41% annualized, bringing loans receivable, net of deferred fees to \$2.16 billion at September 30, 2018. Additionally, loan sales have totaled \$11.9 million and loan participations sold are \$4.0 million for the nine months ended September 30, 2018.

### **Loan Loss Provision/Asset Quality**

Asset quality remained high during the first nine months of 2018. For the nine months ended September 30, 2018, the provision for loan losses was \$3.7 million compared to \$6.9 million for the same period last year. Net charge offs for the three and nine months ended September 30, 2018 were \$350 thousand and \$1.6 million, respectively, compared to \$5.2 million and \$6.3 million for the same periods in 2017, respectively. Southern National's allowance for loan losses as a percentage of total non-covered loans at September 30, 2018 was 0.53%, compared to 0.46% at the end of 2017. The allowance for loan losses as a percentage of non-covered non-acquired loans was 0.83% and 0.77% at September 30, 2018 and December 31, 2017, respectively.

Non-covered nonaccrual loans were \$1.6 million (excluding \$3.4 million of loans fully covered by SBA guarantees) at September 30, 2018 compared to \$12.3 million (excluding \$4.7 million of loans fully covered by SBA guarantees) as of December 31, 2017. During 2018, a \$9.9 million loan that had been on nonaccrual status since the third quarter of 2017 was fully paid off, which resulted in \$732 thousand of recovered interest being recognized. The ratio of non-covered nonperforming assets (excluding the SBA guaranteed loans) to total non-covered assets decreased from 0.77% at the end of 2017 to 0.24% at September 30, 2018.

Other real estate owned ("OREO") at September 30, 2018 was \$5.6 million compared to \$7.6 million at December 31, 2017. The Bank sold one OREO property with a book balance of \$0 in the third quarter of 2018 and realized a gain of \$99 thousand.

### **Deposits**

The competition for deposits in the Company's markets continues to climb, as so do the rates being paid on deposits. Total deposits were \$2.02 billion at September 30, 2018 compared to \$1.87 billion at December 31, 2017, an increase of \$159.2 million, or 11.38% annualized. During the nine months ended September 30, 2018, demand deposits and NOW accounts increased by \$4.9 million, or 0.76%, while money market accounts decreased \$47.2 million or 13.29%. The decline in money market accounts is mostly attributable to a legacy EVBS special-offering money market account that was discontinued in the fourth quarter of 2017. Savings accounts decreased to \$156.4 million or 3.43% at September 30, 2018 from a balance of \$161.9 million at December 31, 2017, and time deposits increased \$207.0 million, or 29.61%, from \$699 million at December 31, 2017, to \$906.0 million at September 30, 2018.

Total stockholders' equity increased from \$322.8 million at December 31, 2017 to \$340.8 million at September 30, 2018. Our estimated tier 1 risk-based capital ratios were 11.57% and 13.22% for Southern National and Sonabank, respectively, as of September 30, 2018.
